

# TANZANIA: THE LAND OF KILIMANJARO, ZANZIBAR & THE SERENGETI

## 50 YEARS „HATARI!“

In time for the 50th anniversary of the release of Hollywood classic “Hatari!” the luxurious Shu’mata Camp, an extension of the Hatari Lodge, can be accessed by plane for the first time – this way you can easily and comfortably include Serengeti as well as Zanzibar in your itinerary.

Starting in June of 2012, Coastal Airways will offer the following services:

**WEST KILIMANJARO AIRSTRIP (SHU’MATA CAMP) – ARUSHA – SERENGETI AND BACK**

**WEST KILIMANJARO AIRSTRIP (SHU’MATA CAMP) – SWAHILI COAST (PANGANI) – ZANZIBAR AND BACK**

*“Out camp and its wonderful setting can be accessed much faster now,” says Marlies Gabriel who, with her husband Jörg, manages the Hatari Lodge and the Shu’mata Camp. “From now on you can extend your Shu’mata visit by booking a spontaneous air safari to Serengeti or an excursion to the Swahili coast including Pangani, Sadaani and on to Zanzibar.”*

## THE KILIMANJARO SAFARI CIRCUIT

The Hatari Lodge in combination with the Shu’mata Camp offers numerous safari excursions such as the popular **KILIMANJARO SAFARI CIRCUIT** including seven days of exciting safari combinations: des Arusha National Park, the Ngurdoto Crater (“little brother” of the legendary Ngorongoro Crater) and a savanna trip to the traditional Maasai country in Southern Amboseli where the hillside location of the Shu’mata Camp offers fantastic views. A canoe excursion on Little Momella Lake is part of the itinerary as well as wild life observation jeep tours, guided hikes through the rain forest and Maasai-guided walks across the grassland on the foot of the Kilimanjaro. In time for the movie anniversary theme safaris covering the filming locations of „Hatari!“ will be available.
