

## The Kilimanjaro Safari Circuit: a legendary safari combination in Northern Tanzania

Escape from the snowy season and experience Oscar - nominated scenery at the foot of Mt. Kilimanjaro with our festive season special \_ under Kilimanjaro in Tanzania! Combining your stay at the Hatari Lodge ([www.hatarilodge.com](http://www.hatarilodge.com)) with the Shu'mata Camp ([www.shumatacamp.com](http://www.shumatacamp.com)) saving from as high as 35% up to 40% on our package deals!!! depending on your length of stay.

These special safari packages are starting from a minimum of 3 nights up to 7 nights and every combination in between \_ for example the lowest rate of 3 nights would be US\$ 991,- per adult sharing from / to Kilimanjaro airport  
The best deal would be the combination of seven nights combining 4 nights at the Hatari Lodge & 3 nights at the Shu'mata Camp for US\$ 2291,- per adult sharing and all inclusive.

Hatari Lodge is located in the midst of the lush and green environment of the Meru Ecosystem, in which mosses grow on trees in the mountain rain forest and Colobus Monkeys playfully swing from branch to branch. Shu'mata Camp sits right on top of a hill in the midst of the steppe that belongs to the dry and dusty Amboseli Ecosystem with its shrubs, Acacia trees and old Amboseli tuskers, facing the "Seven Sisters" and Mount Kilimanjaro. Realizing how close these two ecosystems are to each other - only one and a half hours' drive apart - we understood how amazing it would be to combine the two locations into one safari circuit from a min of three up to seven nights at Hatari Lodge and Shu'mata Camp. We also became aware that many visitors never get a glimpse of Mount Kilimanjaro, whereas on our circuit, it is impossible not to see this old giant volcano lady\_ from nearly all directions.

Its simply the KILIMANJARO Safari Circuit!
